

Little lights/Ark – 17th July 2020

Dear Parents,

I was very blessed to have a break in the isle of Wight last week where I filmed the little video for the children.

<https://youtu.be/sTOJiil51wc>

This all about following Jesus as one of the fishermen did when asked. Faith has given me an inner peace during this whole pandemic. I know I am blessed in many ways but whilst working back at the hospice, and listening to the news it is reassuring to know that God is in ultimate charge and that trusting in him can give such peace. Sadly this does not mean that we don't suffer but it does give us hope.

I have one more video on offer before the Summer break, so here is wishing you shalom and love this summer season.

Craft

If you have a printer then copy and paste the image below, print and cut some fish out for the children to stick on to their picture.

Have a good week and speak to you again soon
with love
Catherine Ark and Little lights
